ENTRANCE, PLACEMENT AND TRANSFER

Entrance, Date, and Age

Pioneer School District will enroll a child in Kindergarten or in first grade whose fifth (5th) or sixth (6th) birthday occurs on or before the tenth (10th) day of September of the school year in which a child registers to enter school. Parents may request a waiver of the age requirement. All waivers are granted in the sole discretion of Pioneer School District. A child who meets the requirement of being six (6) years old, but who has not completed a kindergarten program, will be tested and placed at the discretion of the administration. Pioneer School District requires proof of identity and an immunization record for every child to be admitted to school. Pioneer School District usually will not assign or admit any person who has reached age nineteen (19) on or before September 10 of the year to be enrolled; however, a waiver to this usual practice may be granted.

School Entrance

1. Pioneer School District requires that a student's parents, legal guardian or legal custodian present proof of identity of the child to the school within forty (40) days of enrollment, as well as proof of residence in Pioneer School District. Students who are not residents of Pioneer School District may apply for admission pursuant to Policy 3141. Homeless students shall be admitted pursuant to state and federal law and Policy 3125.
2. To be admitted to Pioneer School District schools, in accordance with the Montana Immunization Law, a child must have been immunized against diphtheria, pertussis, tetanus, poliomyelitis, rubella, mumps, and measles and varicella. Immunizations may not be required if a child qualifies for conditional attendance or an exemption is filed as provided by Montana law.

Placement

Pioneer School District's goal is to place students at levels and in settings that will increase the probability of student success. Developmental testing, together with other relevant criteria, including but not limited to health, maturity, emotional stability, and developmental disabilities, may be considered in the placement of all students. Final disposition of all placement decisions rests with the grade level teacher.

Transfer

Pioneer School District policies regulating the enrollment of students from other accredited elementary and secondary schools are designed to protect the educational welfare of children.

Elementary Grades (K – 6): A student transferring into Pioneer School District will be admitted and placed subject to observation by appropriate teachers during a probation period of two (2) weeks. Thereafter, should doubt arise as to initial grade and level placement of a student, school personnel will conduct an educational assessment to determine appropriate grade and level placement.

PIONEER SCHOOL DISTRICT #41 STUDENTS

Elementary School Evaluation of Non-Accredited School Records and Transcripts – Procedure

Pioneer elementary school lead teacher, when evaluating non-accredited and alternative programs for a grade placement decision, need to ask and reflect on the following things along with asking for specific records and student work samples:

1. Was the home school program registered with the local county superintendent?
2. What were the school's name, location and administrator and/or teacher of record?
3. What were the subjects taken?
4. What was the breadth and depth of the content, concepts, and learning experiences covered?
5. What was the extent of time that the student spent receiving instruction, doing assignments, taking tests, or participating in the learning activities as shown by a clearly labeled time log with lesson plans and a daily attendance record?
6. Did the individual subject content outlines, materials used, and specific learning activities correspond with existing public school subjects?
7. How was the student evaluated in terms of tests taken, skill performances demonstrated, or projects completed to show growth and achievement?
8. Was a record and explanation kept of all assignments for grading purposes as part of an overall assessment plan?
9. What evidence is there that the student actually did his/her own work?
10. What were the testing conditions in terms of time allowed and learning aids available to the student during testing situations?
11. What nationally named standardized test results are available in the student's records that would support a grade placement decision?

In the absence of sufficient records, subject content outlines, student work samples, and assessment results, lead teacher will use the Woodcock-Johnson standardized achievement test as data input into the grade placement decision. A student's age, abilities and social background need to be considered as part of the placement decision.

The parent/guardian needs to be notified that he/she disagrees with the grade placement decision; an appeal can be made to the Board of Trustees for the purpose of a due process hearing.

PIONEER SCHOOL DISTRICT #41 STUDENTS

Discretionary Nonresident Student Attendance Policy

The Board of Trustees of Pioneer School District #41 recognizing that the education need of its resident students include the need for an orderly educational process, free from disruption, overcrowding, and any kind of violence or disruptive influences, hereby establishes the following criteria for the admission of non-resident students:

1. The Pioneer School Board will make the final decision on admission of any nonresident student to Pioneer School. Except as required by §20-5-321, MCA, the district will admit nonresident students at its discretion. Admission to Pioneer School as a nonresident student is a privilege, not a right granted by law. As such, Pioneer School Board will screen all non-resident students in order to determine that Pioneer School accept only those who meet the criteria set forth in this policy.
 - a. The District will examine a student's records from previous school districts before any Board approval for admission. The student must have a passing academic record in the most recently attended school, on the most recent report card.
 - b. The student must have an acceptable behavior and conduct record in the most recently attended school and not have taken part of a behavioral plan.
 - c. The student must be able to demonstrate an attendance record free of truancy or excessive absences (meaning more than 5 per quarter or 10 per semester).
 - d. Have no criminal record.
 - e. Have correctly completed the application process.
2. All nonresident students will be considered ineligible transportees for school transportation services. (§20-10-101)
3. The District will not admit nonresident students when doing so would require hiring additional staff or providing educational services not currently offered or would create overcrowding of existing classes. The District has the option of accepting a nonresident student who does not meet the criteria set forth by the administration, if the student agrees to special conditions of admission as set forth by the District.
4. Every nonresident student who attends Pioneer School District must reapply for admission for the succeeding year by June 15. Admission in one school year does not infer or guarantee admission in subsequent years. Parents will need to write a letter to the board requesting to remain at Pioneer School. The letter must be received by June 15th.
5. All resident students who become nonresidents because their parent or guardians move out of the District may continue attendance for the completion of the school year, barring registration in another District. At the completion of the school year, the student must apply as a nonresident student.
6. The District reserves the right to charge tuition for nonresident students. At its discretion, the Board may charge or waive tuition for all students whose tuition is required to be paid by one kind of entity, defined as either a parent or guardian or a school district. Any waiver of tuition will be applied equally to all students whose tuition is paid by the same kind of entity (i.e., if the District charges tuition in those circumstances where a resident district pays but waives tuition in those circumstances where a parent or guardian is responsible for tuition, the tuition waiver will be applicable to all students whose parents or guardians bear the responsibility for payment). At this time, those students who are accepted may attend tuition free.
7. The Board may declare an emergency which, in its opinion, necessitates the removal of all nonresident students from Pioneer School.
8. The Board will NOT admit any student who is expelled from another school district.

GRADING SYSTEM

Pioneer Elementary will now issue Standards Based Grades. Instead of giving out traditional A's or B's, we will begin grading on a 1-4 scale. By aligning our grading scale to the Common Core Standards, you will get a better idea of where your child is on their journey to the mastery of each standard. Each assignment will be tied to a specific standard and will have a number, 1-4, placed as the grade. These numbers do not necessarily correlate with traditional grading scale, they will now be aligned with the state grading scale mandated through our Smarter Balanced Testing. Each number, 1-4 is represented below with an explanation of what they mean.

A = Advanced - Exceeds standards/checkpoints for this grading period

P = Proficient - Meets standards/checkpoints for this grading period

NP = Nearing Proficient - Is progressing toward standards/checkpoints for this grading period

N = Novice - Does not meet standards/checkpoints for this grading period

Pioneer and MBI - Montana Behavioral Initiative Pioneer PAWS Program

Schools are successful when they help children grow academically, socially, and emotionally. For this to happen it is imperative that we have a safe environment that is supportive and conducive for growth. By setting forth clear social and behavioral expectations and directly teaching students about those expectations, it is our goal to create a positive atmosphere for optimal learning. In the fall of 2014, Pioneer Elementary adopted the Montana Behavioral Initiative (MBI). MBI is a proactive approach in creating positive behavioral supports and social culture in our school. Using data based decision-making we align curricula instruction with positive behavioral supports to encourage success in all areas. MBI is consistent with federal education mandates such as the No Child Left Behind Act and the Individuals with Disabilities Education Act of 2004.

Please take time to make yourself and your child familiar with our Pioneer PAWS policy along with its rewards and consequences. Classrooms will emphasize a positive behavior plan that will allow your child to achieve the best possible education where he/she feels safe and is able to experience academic success.

Pioneer has set four school expectations which help to build our Pioneer PAWS Program. These expectations are:

- * Be Respectful - Treat yourself and others with high regard
- * Be Responsible - Be honest, take responsibility for your actions and words
- * Be Safe - Take care of self, others, and environment
- * Be a Learner - Active learners are involved and prepared.

The MBI Program has 4 components:

- A matrix of behavioral expectations
- Lesson Plans to teach students the behavioral expectations
- An acknowledgement/reinforcement system
- Behavioral Infraction Notice - Refocus

The Pioneer PAWS Programs expectations are to be followed throughout our school and includes common areas such as the lunchroom, playground, bus and each classroom.

Teaching Appropriate Behavior

Through MBI, students are taught school-wide expectations and have opportunities to practice them. Staff members teach what behaviors are expected in the hallways, cafeteria, bathroom, playground, classroom, bus, before school, after school, and at assemblies.

Acknowledgment/ Reinforcement System

Another component of the MBI system is the use of consistent positive rewards to celebrate students' success. Students who are "caught" following the behavioral expectations are reinforced with PAWS cash. This bucks will then be used to purchase items or privileges from the school prize store.

Behavioral Infraction Notice

While our MBI approach emphasizes appropriate behaviors, some students may still violate school expectations. In these situations students will receive a Refocus slip. In the instance that a student receives a Refocus slip for a major infraction, the student will consequently receive an Office Referral. Please see the attached Office Referral Procedures form to learn more about this process.

Pioneer's goal is to teach children alternate behaviors to ensure a school environment that is safe, FUN, free from distraction, and to help all children maximize their learning potential!

Our behavioral infraction policy is based on an understanding of mutual respect and responsibility. If there are individual difficulties, we will work closely with the parents and students to ensure that the learning environment continues to be a positive place for everyone.

*** Minor Infractions:**

Students making poor choices will be given the following steps:

- 1). Student will be given a prompt
- 2). Student will be redirected
- 3). Student will be retaught the expectation
- 4). Student will be given an option; follow through with request or serve a minor consequence
- 5). Student will be given a refocus form to address his/her behavior. The student will call home to report his/her behavior to the parents and the form will be sent home for signature.

Note: If a student receives 3 Refocus forms for the same minor infraction in a month's time, the minor becomes a major infraction at which time the student will meet with our lead teacher or school administrator and may serve time in the Think Tank. The resulting consequence may be up to a day of In-School Suspension.

*** Major Infractions:**

If a teacher or staff member classifies a student's behavior as a one-step major infraction, the following will occur:

- 1). Student will be given a refocus form to address his/her behavior. The student will call home to report his/her behavior to the parents and the form will be sent home for signature. The student will meet with our lead teacher or school administrator and may serve a day of In-School Suspension in the Think Tank.

If a student receives 3 major infractions within a year the student will follow the same steps listed above, however, at this point a more severe consequence will be handed down which may include Out-of-School Suspension.

Pioneer Elementary School PAWS Bus Policy

Pioneer Elementary adopted a new bus policy that aligns with our PAWS program. Infractions on the bus are serious and quickly become safety issues. Due to this, there will be a NO TOLERANCE policy on the bus. The following steps will be taken with students who choose to violate our bus expectations:

Step 1) A refocus slip will be written and sent home to the parents.

Step 2) A refocus slip will be written and notice will be sent to parents. Student will be transported by parents for 5 School Days and will be assigned a seat up front for the remainder of the year.

Step 3) Upon the 3rd offense, the bus driver will contact the lead teacher. The lead teacher will suspend the student for the remainder of the year from riding the bus and will contact the parents letting them know of the 3rd offense.

* **Flagrant Offense:** In cases of students displaying “extreme” behavior, students may be removed from the bus for the year. (Even if it is their **FIRST OFFENSE**).

This form must be signed and returned within the first week of school whether your child is a regular rider or not. Failure to sign and return the bus policy will result in your child being unable to ride the bus during regular run times and/or school related events such as field trips.

These guidelines are based on the following assumptions:

- That no list of rules solves behavioral problems; only through understanding of the rules and firm, fair, and consistent application of rules can behavioral problems be avoided.
- That student behavior on buses and at school is equally the concern and responsibility of parents/guardians, students, and school personnel (bus drivers, teachers, school board).
- That ALL staff members have the right of individual discretion in administering the specific details of these behavioral guidelines.
- That a copy of these behavioral guidelines will be provided to each family at the beginning of the school year or when a student first enrolls.
- That Pioneer School abides by all Montana school statutes pertaining to student behavior.
- That Pioneer School abides by the suspension and expulsion policies for special education students. See Policy Book for further explanation. Policy Book is on file in the school office.

Rules and regulations, as viewed by the board, are the directions that indicate how policies of the school are to be executed. The administration of rules and regulation identifies, by detailed steps, how, by whom, where and when things are to be done.

MEDICATIONS

GUIDELINES FOR MEDICATIONS

- It is recognized that at the present time, many children are able to attend regular school because of the effective use of medication in treatment of chronic disabilities or illness. It is most desirable for medication to be administered in the home. However, when a student at the elementary level is required to take medication during the regular school day, he/she must comply with the guidelines below. This helps ensure that the school employee supervising the child taking the medication is aware of the child's needs.
- The school must be provided with a signed written permission form from the parent/guardian of the student, requesting that the school permit the student to take the medication as prescribed by the physician. The medication must be labeled with the child's name, the name of the medication, dosage, time of day to be taken, duration of time to be taken and the name of the physician.
- The medication must be brought to school in a container labeled as outlined above.
- The parent/guardian will be requested to provide the school with written physical orders for some acute and all long-term medication needs.
- The nurse may contact the parent to discuss the medication schedule for students and arrange the most appropriate schedule for taking medication.
- The parent may send medications for no more than one week at a time (more with special arrangements).
- The initial dose must be administered at home by the parent, to avoid adverse reactions from occurring at school.
- Parent/Guardian must request a form to sign giving the school permission to supervise medication.
- Physician needs to sign the form if medication will be needed for longer than two weeks.

DISPENSING MEDICATION FOR SPECIAL EDUCATION STUDENTS

- Special consideration must be given to the students who are physically unable to take medications on their own, or whose level of functioning does not allow for him/her to be responsible to take the medication.
- Since each child's needs may vary greatly, the parent/guardian should contact the nurse assigned to the school and establish an appropriate procedure for the dispensing of the medication at school.
- The same procedures that apply to regular classroom students also apply to the special education student.

SCHOOL REWARDS AND PENALTIES

REWARDS

-- A system of rewards for exemplary behavior is to be worked out by the teacher and the students in each class within the first week of school. The ultimate reward might be an "Outstanding Citizenship Award" for each class. Other awards may be: teacher's aide, office aide, flag attendant, etc.

WEAPONS

- Any student in possession of a weapon, i.e. gun, knife, nunchakus, etc. may be expelled from school for one year. The expulsion requirement does not apply to students who bring an unloaded firearm to school with prior authorization as part of a hunter safety or similar program. This policy also includes optional language prohibiting students from possessing firearms on their way to and from school and during any recess. Toy weapons of similar nature (i.e. guns, knives, etc) are not allowed on school property. (This includes all school buildings, the playground and buses.)

PENALTIES

- ❖ There will be no corporal punishment carried out at Pioneer School.
- ❖ Warning: The staff issues "Refocus Forms" (see attachment page 40 & 41) to the student for unsatisfactory behavior. This will be sent to the parent/guardian. The form must be signed by a parent/guardian and returned to the School via the Classroom Teacher.
- ❖ At the beginning of each month, all Refocus Forms will be waived and the student will start over.

FLAGRANT OFFENSE: In cases of student displaying extreme behavior, and for the protection of themselves and the other students, the student will be suspended immediately (for no longer than 10 days) until a decision regarding the situation can be decided by parents, staff, Board and County Superintendent. - Students should always cross at least 10 feet in front of the bus.
- Students may not board or depart the bus at stops other than their own. Exceptions may be granted by written permission or phone call to the office of parent/guardians of **all** students involved.

- Students riding the bus in the morning will ride home in the afternoon unless they are picked up at the school by their parent/guardian. ANNUAL ASBESTOS NOTIFICATION TO PARENTS, STUDENTS, AND EMPLOYEES OF PIONEER SCHOOL DISTRICT #41

Asbestos is a naturally-occurring mineral which has, until about 1980, been commonly used in building materials. Asbestos will not burn, is an excellent insulator, has great strength, is resistant to chemicals, and absorbs sound. Examples of asbestos-containing building material (ACBM) are vinyl floor tile, sprayed-on acoustical ceiling material, and pipe insulation. As ACBM deteriorates over time, or is disturbed by maintenance, renovation, or demolition activities, asbestos fibers may be released into the air. Inhalation of these airborne, microscopic fibers has been proven to cause such deadly diseases as lung cancer, mesothelioma (cancer of the lining of the lungs), and asbestosis (scarring of lung tissues). Uncontrolled asbestos contamination in buildings has been, and remains, a significant environmental public health issue. In 1986, Congress enacted the Asbestos Hazard Emergency Response Act (AHERA) to require public and private, secondary and elementary schools to identify ACBM in their school buildings and take appropriate actions to control the release of asbestos fibers. In 1987, the US Environmental Protection Agency finalized a regulatory program which enforces the AHERA Rule (40 C.F.R. Part 763, Subpart E).

In compliance with the AHERA Rule, Pioneer School District had its school buildings inspected by an asbestos inspector, accredited by the State of Montana. During that inspection, areas of suspect ACBM were identified. The type, condition, and location of this ACBM was noted. Samples were taken of some or all of the suspect ACBM. Laboratory analysis of these samples confirmed the presence or absence of ACBM. Suspect ACBM not sampled and analyzed were assumed to contain asbestos. Confirmed and/or assumed ACBM currently remain in certain locations in our school buildings. These materials, and their locations, are in several areas in both buildings.

Upon confirmation of the presence of ACBM, an Asbestos Management Plan was developed for each of the school buildings in the School District by an asbestos management planner, accredited by the State of Montana. The Asbestos Management Plan include a description of the measures currently being taken to ensure that the ACBM remaining in our school buildings is maintained in a condition that will not pose a threat to the health of our students and employees. The Plan describes past response actions taken to abate ACBM, as well as response actions planned for the future. These response actions include yearly inspections of the areas. Information is provided on the periodical monitoring of the condition of ACBM remaining in our school buildings through triennial reinspections, conducted by accredited asbestos inspectors, and through semiannual surveillance, conducted by trained school maintenance staff. Finally, the asbestos awareness training program for maintenance and custodial personnel is discussed.

A copy of the Asbestos Management Plan is available for your review in the School District office during regular office hours. Mr. Kevin Maddox is the designated Asbestos Program Coordinator for Pioneer School District. Please direct all inquiries regarding the Asbestos Management Plan to him at 373-5357.

Student Records

School student records are confidential, and information from them will not be released other than as provided by law. State and federal laws grant students and parents certain rights, including the right to inspect, copy, and challenge school records.

The District will ensure information contained in student records is current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services will be directly related to the provision of services to that child. The District may release directory information as permitted by law, but parents will have the right to object to release of information regarding their child. Military recruiters and institutions of higher education may request and receive the names, addresses, and telephone numbers of all high school students, unless the parent(s) notifies the school not to release this information.

The Pioneer School will implement this policy and state and federal law with administrative procedures. The Pioneer School will inform staff members of this policy and inform students and their parents of it, as well as of their rights regarding student school records.

Each student’s permanent file, as defined by the board of public education, must be permanently kept in a secure location. Other student records must be maintained and destroyed as provided in 20-1-212, MCA.

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and copy the student's education records, within a reasonable time from the day the District receives a request for access.

"Eligible" students, who are eighteen (18) years of age or older, have the right to inspect and copy their permanent record. Parents/guardians or "eligible" students should submit to the school principal (or appropriate school official) a written request identifying the record(s) they wish to inspect. The principal (or appropriate school official) will make, within forty-five (45) days, arrangements for access and notify the parent(s)/ guardian(s) or eligible student of the time and place the records may be inspected. The District charges a nominal fee for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

2. The right to request amendment of the student's education records which the parent(s)/guardian(s) or eligible student believes are inaccurate, misleading, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identifying the part of the record they want changed, and specify the reason. If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA or state law authorizes disclosure without consent.

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the District has contracted to perform a special task (such as contractors, attorneys, auditors, consultants, or therapists); volunteers; other outside parties to whom an educational agency or institution has outsourced institutional services or functions that it would otherwise use employees to perform; or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest, if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records, without consent, to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by state or federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive written notice of the nature and substance of the information and an opportunity to inspect, copy, and challenge such records. The right to challenge school student records does not apply to: (1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student’s school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting, or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; and appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

5. The right to prohibit the release of directory information concerning the parent’s/guardian’s child.

Throughout the school year, the District may release directory information regarding students, limited to:

- Electronic mail address

- Enrollment status (e.g., undergraduate or graduate; full-time or part-time)
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

Any parent(s)/guardian(s) or eligible student may prohibit the release of all of the above information by delivering written objection to the building principal within ten (10) days of the date of this notice. No directory information will be released within this time period, unless the parent(s)/guardian(s) or eligible student are specifically informed otherwise. When a student transfers, leaves the District, or graduates, the school must continue to honor a decision to optout, unless the parent or student rescinds the decision.

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name [identifier, institutional email address in a class in which the student is enrolled] or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in this policy.

6. The right to request that information not be released to military recruiters and/or institutions of higher education.

Pursuant to federal law, the District is required to release the names, addresses, and telephone numbers of all high school students to military recruiters and institutions of higher education upon request.

Parent(s)/guardian(s) or eligible students may request that the District not release this information, and the District will comply with the request.

7. The right to file a complaint with the U.S. Department of Education, concerning alleged failures by the District to comply with the requirements of FERPA.

School Board Meeting Procedures

Pioneer School Board meetings are always open to the public. Meetings are held the 2nd Monday of each month at 6:00 pm at Pioneer School. (Please refer to the monthly newsletter and/or call the school office for updates to the day and time if you plan to attend a meeting in case a change has been made.)

Policy #1420 – School Board Meeting Procedure

THE BOARD OF TRUSTEES

School Board Meeting Procedure

Agenda

The agenda for any Board meeting shall be prepared by the Board Chairman, District Clerk, and lead teacher. Items submitted by Board members to be placed on the agenda must have prior approval of the Board Chairperson. Citizens may also suggest inclusions on the agenda. Such suggestions must be received by the District Clerk at least five (5) days before the Board meeting, unless of immediate importance. Individuals who wish to be placed on the Board agenda must also notify the District Clerk, in writing, of the request. The request must include the reason for the appearance. If the reason for the appearance is a complaint against any District employee, the individual filing the complaint must demonstrate the Uniform Complaint Procedure has been followed. Citizens wishing to make brief comments about school programs or procedures or items on the agenda need not request placement on the agenda, and may ask for recognition by the Chairman at the appropriate time.

The agenda also must include a “public comment” portion to allow members of the general public to comment on any public matter under the jurisdiction of the District which is not specifically listed on the agenda, except that no member of the public will be allowed to comment on contested cases, other adjudicative proceedings, or personnel matters. The Board Chairman may place reasonable time limits on any “public comment” period to maintain and ensure effective and efficient operations of the Board. The Board shall not take any action on any matter discussed, unless the matter is specifically noticed on the agenda, and the public has been allowed opportunity to comment.

With consent of a majority of members present, the order of business at any meeting may be changed. Copies of the agenda for the current Board meeting, minutes of the previous Board meeting, and relevant supplementary information will be prepared and distributed to each trustee at least twenty-four (24) hours in advance of a Board meeting and will be available to any interested citizen at the District Clerk’s office twenty-four (24) hours before a Board meeting. An agenda for other types of Board meetings will be prepared, if circumstances require an agenda.

Consent Agenda

To expedite business at its meetings, the Board approves the use of a consent agenda, which includes those items considered to be routine in nature. Any item that appears on the consent agenda may be removed by a member of the Board. Any Board member who wishes to remove an item from the consent agenda must give advance notice in a timely manner to the Clerk. Remaining items will be voted on by a single motion. The approved motion will be recorded in the minutes, including a listing of all items appearing on the consent agenda.

Minutes

Appropriate minutes of all meetings required to be open must be kept and must be available for inspection by the public. If an audio recording of a meeting is made and designated as official, the recording constitutes the official record of the meeting. If an official recording is made, a written record of the meeting must also be made and must also include:

- Date, time, and place of the meeting;
- Presiding officer;
- Board members recorded as absent or present;
- Summary of discussion on all matters discussed (including those matters discussed during the “public moment” section), proposed, deliberated, or decided, and a record of any votes taken;
- Detailed statement of all expenditures;
- Purpose of recessing to closed session; and
- Time of adjournment.

When issues are discussed that may require a detailed record, the Board may direct the Clerk to record the discussion verbatim. Any verbatim record may be destroyed after the minutes have been approved, pursuant to §20-1-212, MCA.

If the minutes are recorded and designated as the official record, a log or time stamp for each main agenda item is required for the purpose of providing assistance to the public in accessing that portion of the meeting.

Unofficial minutes shall be delivered to Board members in advance of the next regularly scheduled meeting of the Board. Minutes need not be read publicly, provided that Board members have had an opportunity to review them before adoption. A file of permanent minutes of Board meetings shall be maintained in the office of the Clerk, to be made available for inspection upon request. A written copy shall be made available five (5) working days following approval by the Board.

Quorum

No business shall be transacted at any meeting of the Board unless a quorum of its members is present. A majority of the full membership of the Board shall constitute a quorum, whether the individuals are present physically or electronically. A majority of the quorum may pass a resolution, except as provided in §20-4-203(1), MCA, and §20-4-401(4), MCA.

Electronic Participation

The Board may allow members to participate in meetings by telephone or other electronic means. Board members may not simply vote electronically but must be connected with the meeting throughout the discussion of business. If a Board member electronically joins the meeting after an item of business has been opened, the remotely located member shall not participate until the next item of business is opened.

If the Board allows a member to participate electronically, the member will be considered present and will have his or her actual physical presence excused. The member shall be counted present for purposes of convening a quorum. The Clerk will document it in the minutes, when members participate in the meeting electronically.

Any Board member wishing to participate in a meeting electronically will notify the Chairperson and Clerk as early as possible. The Clerk will arrange for the meeting to take place in a location with the appropriate equipment so that Board members participating in the meeting electronically may interact, and the public may observe or hear the comments made. The Clerk will take measures to verify the identity of any remotely located participants.

Meeting Conduct and Order of Business

General rules of parliamentary procedure are used for every Board meeting. Roberts Rules of Order may be used as a guide at any meeting. The order of business shall be reflected on the agenda. The use of proxy votes shall not be permitted. Voting rights are reserved to those trustees in attendance. Voting shall be by acclamation or show of hands. Policy #1420F – Notice Regarding Public Comment

MTSBA recommends that you attach the following notice to your agendas for your regular Board meetings and/or have the Board Chairman read it aloud at the beginning of the Board meeting, until the public becomes educated about the process:

Montana law requires school districts and other public agencies to include on the agenda for public meetings an item allowing public comment on any **public matter not otherwise specifically listed on the agenda** that is within the jurisdiction of the agency. As has also been the practice of Pioneer School District, and in accordance with Montana law, if any member desires to speak to an item that is specifically listed/identified on the agenda, you will be allowed to do so when the item comes up for discussion and action. The public comment portion of the agenda is not the time designated to hear items that are specifically listed/identified on the agenda.

For those individuals who desire to address the Board during the “public comment” portion of the meeting, if you haven’t already done so, please sign your name to the sheet located on the table and indicate the general topic on which you will be commenting. The Board Chairman will call individuals to speak in the order listed on the sheet provided. The Board would like to remind everyone in attendance that to avoid violations of individual rights of privacy, a member of the public wishing to address the Board during this time will not be allowed to make comments about any student, staff member, or member of the general public during his/her designated time to speak. In addition the Board will not hear comments on contested cases or other adjudicative proceedings.

Depending on the number of persons who wish to address the Board, the Board Chairman may place reasonable time limits on comments, in order to maintain and ensure effective and efficient operations of the Board.

By law Pioneer School District cannot take any action on any matter discussed during the public comment” portion of the meeting, until such time as the matter is specifically noticed on the agenda, and the public has been allowed the opportunity to comment.

Policy #1441 – Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the public's statutory and constitutional right of the public to participate in governmental operations. To allow fair and orderly expression of public comment, the Board will permit public participation through oral or written comments during the "public comment" section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairman may control such comment to insure an orderly progression of the meeting. And allow for public comment.

Individuals wishing to be heard by the Chairman shall first be recognized by the Chairman. Individuals, after identifying themselves, will proceed to make comments as briefly as the subject permits. The Chairman may interrupt or terminate an individual's statements when appropriate including when statements are out of order, too lengthy, personally directed, abusive, obscene or irrelevant. The Board as a whole shall have the final decision in determining the appropriateness of all such rulings. It is important for all participants to remember that Board meetings are held in public, but are not public meetings. Members of the public shall be recognized and allowed input during the meeting, at the discretion of the Chairman.
