Discretionary Nonresident Student Admittance Policy:

The Board of Trustees of Pioneer School District #41 recognizing that the education need of its resident students include the need for an orderly educational process, free from disruption, overcrowding, and any kind of violence or disruptive influences, hereby establishes the following criteria for the admission of non-resident students:

- a) The Pioneer School Board will make the final decision on admission of any nonresident student to Pioneer School. Except as required by §20-5-321, MCA, the district will admit nonresident students at its discretion.
- b) Admission to Pioneer School as a nonresident student is a privilege, not a right granted by law. As such, the district will screen all non-resident students in order to determine that Pioneer School accept only those who meet such criteria.
- c) The District will examine a student's records from previous school districts before any Board approval for admission. The student must have a passing academic record in the most recently attended school, on the most recent report card.
- d) The student must have an acceptable behavior and conduct record in the most recently attended school and not have taken part of a behavioral plan.
- e) The student must be able to demonstrate an attendance record free of truancy or excessive absences (meaning more than 5 per quarter or 10 per semester).
- f) Have no criminal record.
- g) Have correctly completed the application process. All nonresident students will be considered ineligible transportees for school transportation services. (§20-10-101)
- h) The District will not admit nonresident students when doing so would require hiring additional staff or providing educational services not currently offered or would create overcrowding of existing classes.
- i) In reviewing the request for attendance the school administration shall consider the following:
 - Accreditation standards
 - Previous Attendance record
 - Classroom teacher recommendation
 - Classroom climate and morale
- j) The Board will NOT admit any student who is expelled from another school district.

The District has the option of accepting a nonresident student who does not meet the criteria set forth by the administration, if the student agrees to special conditions of admission as set forth by the District.
